Snap-on shield clip type SCF-EMV / MSCF-EMV

Product information

The steering components in today's machine, plant and control cabinet installations are becoming more and more complex.
A good EMC concept therefore gains increasing importance.
Murrplastik earthing and cable shielding products are designed to meet the demands for low bleeder resistance at high frequencies.
Murrplastik products are characterized by their very easy handling.

- Easy, no tools required, installation on 35 mm top-hat rails
- The spring action provides uninterrupted contact pressure with the shield.
- Excellent discharge of high-frequency noise current.
