

Type B+R

Product information

B&R - for B&R X20 switchgear.
High-quality, halogen-free label plates to snap into devices.

The large printable area at the top provides space for individual project and component reference, without the need to organize additional systems.

Type B+R

Material properties

Polycarbonate (PC)

Thermal properties

Temperature / temperature range

-40 °C - 130 °C

Fire properties

Fire classification

V0

Technical information

Halogen-free

General technical data

Assembly method

0000000010000

Assembly method

Snap-fit system

Labelling technology

Plotter

Laser

Inkjet

All details given in our sales brochures and catalogues, as well as the information available online, are based on our current knowledge of the products described.

The electronic data and files made available by Murrplastik, particularly CAD files are based on our current knowledge of the product described.

A legally binding assurance of certain properties or the suitability for a certain purpose can not be determined from this information.

All information with respect to the chemical and physical properties of Murrplastik products, as well as application advice given verbally, in writing or by tests, is given to the best of our knowledge.

They do not release the buyer from the obligation to carry out his own tests and trials in order to determine the concrete suitability of the products for the intended purpose.
