

Hook-and-loop tape, silicone-free

Product information

The KKU-Fix hook-and-loop tapes are used for the quick and easy fastening of our flexible holder systems, as well as for bundling and fixing of cable strands. Their special silicone-free coating ensures a secure hold almost all surfaces. They are particularly suitable for areas of application in which silicone-containing working materials must be completely avoided.

Advantages:

- tool-free installation
- secure hold without slipping
- no restriction of sensitive cables
- no wet paint impairments
