

ECP-ECO polyester label

Product information

Polyester label for any number of labeling needs. Suitable for use in the automotive, electronics industries, logistics, machine and plant construction.

- Good adhesive properties for many surfaces.
- Cost-effective solution

Suitable for mp-TM series thermal transfer printers.

ECP-ECO 100x150	86511513	Yellow	100 x 150	1	104	FB-TM 110 mm x 300 m	Q73	600

Material properties

Polyester film

Adhesive properties

Modified acrylate adhesive; Minimum processing temperature of 5 °C

Thermal properties

Temperature / temperature range

-20 °C - 120 °C

Technical information

Interior

Classification

ETIM 9: EC001288
ECLASS 14: 27144009
UNSPSC 26.0801: 39131504

General technical data
