

## Shield clip for direct mounting type DSC-EMV / DMSC-EMV

### Product information

The steering components in today's machine, plant and control cabinet installations are becoming more and more complex. A good EMC concept therefore gains increasing importance. Murrplastik earthing and cable shielding products are designed to meet the demands for low bleeder resistance at high frequencies. Murrplastik products are characterized by their very easy handling.

- Simple direct mounting with M4 screw
- The spring action provides uninterrupted contact pressure with the shield.
- Excellent discharge of high-frequency noise current.
