

Single tooth cutter and double-fluted cutter

Product information

Single tooth milling machine

The single tool cutter is a specialty tool for flush trimming of the vacuum table.

Double-fluted cutter

Double-fluted cutter, right-cutting with a fishtail cut, so that it can be pressed easily even into hard materials.

- Affordably priced universal double-fluted cutter
- For milling non-ferrous metals and plastics

Engraving systems

The double-fluted cutter can be used in conjunction with the MGS series CAM engraving system and the engraving option.
