

## Type HS (conduit holder)

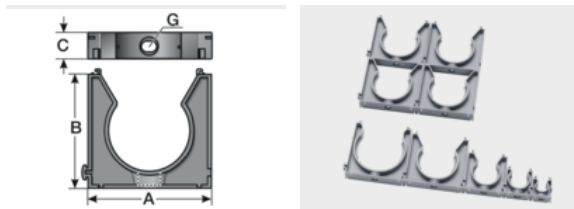

### Product information

The HS conduit holder is made of specially modified polyamide. The material is halogen, phosphor and cadmium-free. The HS holders are used as a conduit holder system that can be arranged in rows and stacks and can be adapted to different installation situations with optional accessories.

The holder features the following advantages:

- Flexible system
- Stackable
- Arrangeable in rows

### Information, conformities and approvals

## Type HS (conduit holder)

Article	Order No.	Color	A mm	B mm	C mm	PU pcs.
HS/U 29	83631024	Gray	43	42.4	14	50
HS/U 36	83631026	Gray	63.5	57.5	14	50
HS/U 48	83631028	Gray	63.5	62.5	14	50

### Material properties

mod. polyamide PA 6  
UL listed material

### Thermal properties

Temperature / temperature range  
-40 °C - 110 °C / short term: 140 °C

### Fire properties

Fire classification  
acc. to UL94: V0 self-extinguishing

### Chemical resistances

Resistant to:  
Alcohol  
Greases  
Fuels  
Mineral oils

### Technical information

Halogen-free

### Conformity

RoHS (EC Directive 2011/65/EU)

### Classification

ETIM 9: EC000368  
ECLASS 14: 27430315  
UNSPSC 26.0801: 31162814

## Type HS (conduit holder)

### General information

Made in Germany
