

Ball joint KEG/ZL - Hose ring SRF/ZL

Product information

The KEG-ZL and SRF/ZL is used wherever cords or cables exit from the cable protection conduit with strain relief. The separable ball end joint type KEG/ZL and the separable hose ring type SRF/ZL with integrated strain relief are simply and quickly inserted into the SH system holders and thus connect the Murrflex cable protection conduits to the robot. The cords, conduits and cables are connected to the integrated strain relief with cable ties.

Information, conformities and approvals

Article	Order No.	Color	A mm	B mm	Suitable for System holder	Version	Suitable for Murrflex	PU pcs.
End ball joint with integrated strain relief								
KEG/ZL-M25	83692258	Black	42.5	38.5	SH-P/M25-M32	Split	M25/P21	1
KEG/ZL-M32	83692260	Black	42.5	38.5	SH-P/M25-M32	Split	M32/P29	1

Material properties

mod. polyamide

Ball joint KEG/ZL - Hose ring SRF/ZL

Thermal properties

Temperature / temperature range

-40 °C - 110 °C / short term: 140 °C

Fire properties

Fire classification

acc. to UL94: V0

Technical information

Halogen-free

Conformity

RoHS (EC Directive 2011/65/EU)

Approvals and operating permits

ROBI approval

Classification

ETIM 9: EC010745

ECLASS 14: 27439090

General information

Made in Germany

All details given in our sales brochures and catalogues, as well as the information available online, are based on our current knowledge of the products described.

The electronic data and files made available by Murrplastik, particularly CAD files are based on our current knowledge of the product described.

A legally binding assurance of certain properties or the suitability for a certain purpose can not be determined from this information.

All information with respect to the chemical and physical properties of Murrplastik products, as well as application advice given verbally, in writing or by tests, is given to the best of our knowledge.

They do not release the buyer from the obligation to carry out his own tests and trials in order to determine the concrete suitability of the products for the intended purpose.
