

Steel Fix MP strain relief

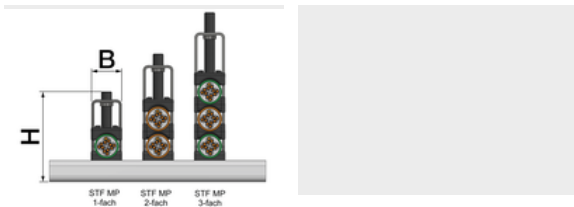

Product information

Steel Fix bow clamps for secure strain relief of cables on the C-rail at high accelerations, loads and long travel distances. The overall height specification is a reference value. The actual height depends, among other things, on the cable diameter and the condition of the cable. In gliding applications, a safety distance of 10 mm must be observed above the strain relief at the fixed point.

- Up to 3 cables on top of each other
- Suitable for C-rails with a groove width of 11 mm
- Plastic channels in specially developed design for cable-friendly strain relief
- Can be assembled on both chain ends in the inside and outside bend of the energy chain

Information, conformities and approvals

Order No.	Description	Strain relief	Holders pcs.	Diameter from - to mm	Width (B) mm	Total height (H) mm	PU pcs.
80661801	Hooped clamp	6	1	6-12 / -	16	53	1
80661802	Hooped clamp	12	1	12-14 / -	18	53	1
80661803	Hooped clamp	14	1	14-16 / -	20	55	1
80661804	Hooped clamp	16	1	16-18 / -	22	57	1
80661805	Hooped clamp	18	1	18-20 / -	24	60	1
80661806	Hooped clamp	20	1	20-22 / -	26	62	1
80661807	Hooped clamp	22	1	22-26 / -	30	70	1
80661808	Hooped clamp	26	1	26-30 / -	34	74	1
80661809	Hooped clamp	30	1	30-34 / -	38	78	1
80661810	Hooped clamp	34	1	34-38 / -	42	82	1
80661811	Hooped clamp	38	1	38-42 / -	46	87	1
80661821	Hooped clamp	6	2	6-12 / -	16	73	1
80661823	Hooped clamp	14	2	14-16 / -	20	81	1
