

Cable entry plate round type KDPR/F

Product information

The KDPR/F cable entry plate is made of modified Polypropylene and is a round entry and fastening system for cables without plugs and pneumatic hoses such as those used in control cabinets, plant or machine construction. Wherever quick assembly is required with high packing density and cables must be protected, the cable insertion system is used.

Special benefits of the KDPR/F are:

- Enormous time savings in assembly
- High packing density
- Standardized cut-out dimensions
- Large wire diameter ranges
- Several cables may be fed through an opening together
- Very flat design

Material properties

Frame: Polypropylene (PP)
Seal: Thermoplastic elastomer (TPE) Polypropylene (PP)
Thermoplastic elastomer (TPE)

Cable entry plate round type KDPR/F

Thermal properties

Temperature / temperature range

-45 °C - 70 °C

Protection class

Protection class

IP65

Fire properties

Fire classification

HB

Technical information

Halogen-free

According to ISO 4892-2

Conformity

RoHS (EC Directive 2011/65/EU)

Classification

ETIM 9: EC002624

ECLASS 14: 27182815

General information

Made in Germany
