

Type PR/AS

Product information

The protector PR/AS serves as abrasion protection of cable protection conduits and energy packages. The PR/AS makes the motion sequences more dynamic, increasing the flexibility of the dresspacks and at the same time increasing the service life.

Further advantages:

- Minimization of noise development
- Tool-free and subsequent mounting due to attached hook-and-loop tape
- No loose parts
- Robot-friendly due to the use of abrasion-resistant special fabric

Information, conformities and approvals

Article	Order No.	Color	Suitable for Murrflex	Length (A) mm	PU pcs.
PR/AS-UNI 29 800mm	83691102	Blue	M32/P29	800	1
